Subject: RE: Air inspection at MGPI of Indiana, LLC on 5-17-16

Hi Randy:

Sorry that I was not able to respond Friday, I was out of the office doing field work.

That said, the inspection report has been written and has been filed with the Agency. During our inspection though, we stated that we do not make a determination of compliance from the inspection that we were completing. Therefore the inspection report that I wrote does not at any point mention whether there was a finding of compliance or not. It is simply a factual account of what we saw and were told while on the premises. If you would still like a copy of that inspection report, the Agency requests that you fill out a FOIA request at <https://foiaonline.regulations.gov/foia/action/public/home>.

Here is the general steps to completing the FOIA request: 1) Upon going to the page click on "make a FOIA request"; 2) Choose whether to create an account or continue as a guest; **3) Select the appropriate agency (U.S. Environmental Protection Agency) ; 4) Select the appropriate sub-agency (Region 5);** 5) Fill out the remaining appropriate fields. While filling out the description field it is important to be as specific as possible regarding the record you want to get a copy of. I believe that in this case you should be able to get the document you are interested in by simply stating that you'd like a copy of the inspection report generated from the 2016 Clean Air Act inspection at MGPI of Indiana, LLC.

After you've done all of those steps preview the document to make sure you've supplied us with all of the information we need and then submit it. I believe administrative staff will get in contact with you to talk about the fees associated with processing and responding to a FOIA request.

Let me know if you have any other questions.

Thanks
Marie

Subject: Air inspection at MGPI of Indiana, LLC on 5-17-16

Dear Ms. St. Peter, Mr. Connolly, and Ms. James,

On May 17, 2016, the EPA and IDEM took a tour and conducted an inspection of the MGPI of Indiana, LLC plant (permit T029-32119-00005). At the conclusion , I asked about possibly receiving a report or some documentation supporting the statement that "there were no violations or non-compliances". Ms. St. Peter mentioned that I could obtain a report in

four to six weeks after the visit. I would like to get a copy of the report or some documentation to support your conclusion. Thank you in advance for addressing my request.

Sincerely,

Randy Graves

EHS Manager
